Robin Welch met with the board regarding a nuisance complaint. Welch received a letter on Monday to address items on their property at 1721 306<sup>th</sup> Ave, Sidney that are violating the nuisance ordinance. Welch is having a medical procedure next week and is asking for an extension. Welch has been in contact with Assistant Engineer Robbie Kromminga who provided her with a list of what needs to be addressed. Welch went through the list with the Board of Supervisors including tires, plastic containers, and vehicles. Although Welch provided information that the DNR allows the tires on the property, it violates the local ordinance, so they are required to be removed. The board stated the plastic containers are okay if they are being used as trash receptacles as Welch stated. Welch stated the cars are rotated on and off the property as parts are removed from them. The board stated there are additional regulations that must be followed if the property is being used as a salvage yard. One requirement being that a fence is required. Blackburn stated the board likes to see progress being made before issuing an extension. Sheldon asked Welch to make progress on cleaning up the property and contact the Board closer to the 30-day deadline if an extension is still necessary. At that time, Assistant Engineer Robbie Kromminga will confirm if progress is being made to allow the board to grant an extension. Welch asked if there is anything that can be grandfathered in as when they purchased the property there were items already on the property. Clark stated this is a legal question and the County Attorney is not in attendance, but the Board does not believe there is anything to be grandfathered in for this ordinance.

The board discussed needed handbook updates. They discussed a 5% charge for those that don't participate in the wellness program which lessens the total county percentage of discount. They also discussed a per diem instead of unlimited dollar amount for meals. They would like to see a \$35 range and meals cannot be paid for with the county credit card. It must be reimbursed. They want to include the verbiage that the county won't reimburse for alcohol, which is already standard, but there is no formal language. The board also discussed overtime for people that are employed with two county departments. The board's thought was that the secondary job should pay the overtime wages. They also discussed the discount for health insurance for families with both spouses being employed with the county. The board will present these ideas to INCS for consideration for the handbook update.

Motion by Blackburn to change the next meeting date to April 23<sup>rd</sup> to canvass the Hamburg Special Election and to hold the budget. Motion carried unanimously.

At 9:16 a.m., Assistant Engineer Robie Kromminga joined the meeting.

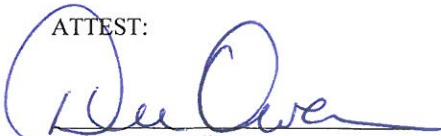

David Gammell and Alle Martin met with the board to discuss an extension for his nuisance complaint at 2395 270<sup>th</sup> Avenue, Hamburg. Martin stated they have hauled off two loads of scrap metal and removed six cars. Due to health issues, they are making progress, but slowly. The board explained they have worked with other residents who are making progress by granting extensions. Gammell agreed that it was a nuisance and needed to be cleaned up. He stated they will continue to work on it. Motion by Sheldon to allow a 30-day extension which would extend the deadline to June 10<sup>th</sup>. Motion carried unanimously.

Alan Dovel stopped by the to discuss the property that is across from Dollar General in Hamburg. Half of the property is in the county and half is in the city limits. He stated there is just more junk deposited all the time. Kromminga stated he would include that in the nuisance properties that he is working on. He also questioned the taxes that are being accrued for the buyout properties in Hamburg.

Claims were approved for April 19, 2024.
