

The Fremont County Board of Supervisors met in regular session on Wednesday, February 5, 2025, in the Fremont County Courthouse Boardroom, with Clint Blackburn, Dustin Sheldon, and Jeff Shearer present. A quorum was declared, and the meeting was officially called to order at 9:00 a.m. The agenda was approved as posted. Minutes of the previous board sessions were read and approved.

Let the record show that Treasurer Alise Snyder, IT Scott Evans, Maintenance Zach Benedict, Recorder Tarah Berry, EM Clayton Long Atty Peter Johnson, Sheriff Kevin Aistrope and Chief Deputy Tim Bothwell were present at this meeting.

The board discussed the overseeing of the maintenance position. In the past, the IT director was paid \$4000/year to oversee the person in the maintenance position to have the proper checks and balances. Motion by Shearer for Scott Evans to oversee the maintenance person and receive the budgeted amount of \$4000/year. Motion carried unanimously.

Zach Benedict, Maintenance, met with the board requesting approval of the annual Lawn World fertilizer contract renewal for \$1895. Motion by Sheldon to approve the Lawn World contract. Motion carried unanimously.

The board discussed the compensation board recommendations. The compensation board met on January 8, 2025, and recommended a 10% increase for all elected officials which include the Attorney, Auditor, Board of Supervisors, Recorder, Sheriff and Treasurer. Sheriff Aistrope stated the compensation board members are people who represent the citizens of the county but that typically the Supervisors cut the recommendation so questioned the point. Blackburn stated that the Compensation Board provides the Supervisors with a much broader perspective on the county with the different members rather than the decision just being up to the three Board of Supervisors. Aistrope said he asked for the compensation board to produce certain items on how they came to the recommended wage increase and he has not received any of this information. Aistrope discussed the "Back the Blue" law and that the 10% recommendation of the Compensation Board would help bridge the gap that the law was put in place to do. Aistrope stated his Sergeants have offered to take a wage freeze this year and to have their wages distributed to the other Deputies. Chief Deputy Bothwell gave some information on calls taken by the department. County Attorney Peter Johnson shared some information on interstate stops he received from the Iowa State Patrol. Shearer asked why we have two Sergeants. Aistrope explained that it was necessary to have one on each twelve-hour shift to handle phone calls. Motion by Sheldon to table the compensation board recommendations. Motion carried unanimously.

Motion by Sheldon to approve the Fremont County Secondary Roads Union Agreement as presented with a 3.25% and 1-year contract extension for wages only. Roll call vote. Sheldon aye Shearer aye Blackburn aye. Motion carried unanimously.

Claims were approved for February 7, 2025.

In other business, the Recorder's Monthly Report was approved for January 2025.

At 9:42 a.m., with no further business, Shearer motioned to adjourn. The motion carried unanimously.

The Fremont County Board of Supervisors met in regular session on Wednesday, February 12, 2025, in the Fremont County Courthouse Boardroom, with Clint Blackburn, Dustin Sheldon, and Jeff Shearer present. A quorum was declared, and the meeting was officially called to order at 9:00 a.m. The agenda was approved as posted. Minutes of the previous board sessions were read and approved.

Let the record show that Treasurer Alise Snyder, Recorder Tarah Berry, EMC Clayton Long, Engineer Dan Davis and Sanitarian Caleb Hammons were present at this meeting.

Engineer Dan Davis met with the board for the signing of the following:  
Motion by Sheldon to allow Chairman Blackburn to sign final voucher for emergency repairs on J-64 Project #ER-CO36(82) -- 58-36. Motion carried unanimously.

The board discussed needing to decide on the compensation board recommendations. Motion by Sheldon to table the compensation board recommendation. Motion carried unanimously.

The board discussed the need to fill a position on the SIRHA Board. Twila Larson is the current member and is no longer interested in serving on the board. Motion by Sheldon to post the opening for a member to serve on the SIRHA Board. Motion carried unanimously.

Motion by Shearer to approve Resolution No. 2025-16 for a new hire for the sheriff's office. Motion carried unanimously.  
RESOLUTION NO. 2025-16

BE IT HEREBY RESOLVED by the Fremont County Board of Supervisors this 12th day of February 2025, that the following individual shall be approved as a Deputy for the Fremont County Sheriff's Department, as requested by Fremont County Sheriff Kevin Aistrophe. The effective date of employment shall be February 12, 2025: Steven Dale Owen Deputy

Motion was made by

/s/ Jeff Shearer aye

During Public Comment, Snyder asked how it was going to be determined if the courthouse was closed due to inclement weather. Snyder stated in the past that the Engineer, Board of Supervisors and EM Director would discuss along with the department heads to determine if the courthouse should be closed. Sheldon stated that each elected official can choose to close their office, but it will be up to the discretion of the Engineer, Board Chairperson and the EM Director to close the courthouse while keeping in mind the safety of employees and the public and the ability to do business.

Claims were approved for February 14, 2025.

At 9:26 a.m., with no further business, Shearer motioned to adjourn. The motion carried unanimously.

ATTEST:

Clint Blackburn, Chairman

The Fremont County Board of Supervisors met in regular session on Wednesday, February 19, 2025, in the Fremont County Courthouse Boardroom, with Clint Blackburn, Dustin Sheldon, and Jeff Shearer present. A quorum was declared, and the meeting was officially called to order at 9:00 a.m. The agenda was approved as posted. Minutes of the previous board session were read and approved.

Let the record show that Treasurer Alise Snyder, Recorder Tarah Berry, Engineer Dan Davis, Rick Mount, Sheriff Kevin Aistrope, and Sanitarian Caleb Hammons were present at this meeting.

Engineer Dan Davis met with the board for the signing of the following:

Motion by Sheldon to allow Chairman Blackburn to sign IDOT payment voucher with HGM Associates for engineering services for BRS-CO36(92) - - 60-36 per agreement through January 31, 2025. Motion carried unanimously.

Motion made by Shearer to approve the renewal of Special Class C Retail Liquor License for D & L Pro, LLC. Motion carried unanimously.

At 9:04 a.m., Attorney Peter Johnson, Chief Deputy Tim Bothwell, and Sergeant Andrew Wake joined the meeting.

The board discussed needing to decide on the compensation board recommendations. Rick Mount spoke regarding the compensation board recommendations. He said they brought information to the compensation board with a 17% increase to reach a median for the Back the Blue Law. The compensation board then decided on a 10% cap. Mount said he believes the compensation board failed and left the board to do what they wanted to do. Mount would like to see a bigger raise to adhere to the Back the Blue Law. Sheriff Aistrope spoke and pointed out that he knew he could not negotiate with the board with Sergeant Andrew Wake in the room since he is a bargaining member of the union. Sheriff Aistrope presented figures to the board if only he and the deputies got a 10% raise. He stated that the amount is only around \$65,000 difference and with FICA and IPERS included it is about \$78,000. Aistrope said his deputies are willing to take their holidays in time rather than in pay and that is a huge chunk of money. He said he needs to get deputies what they need to be competitive. He discussed turnover and the fact that it is \$50,000 to certify someone. He said he was lucky to have BJ come back because he is already certified. He has a candidate for the other open position that is a hometown boy from Hamburg. Aistrope said in the future he has Mike that will retire and they had no other certified officers apply. Sgt. Wake stated the state recently gave the office more teeth to get that money back if an officer doesn't stay. Now if the employee leaves before the agreement is complete they have to pay or they could lose their certification. Supervisor Sheldon said he has always wanted to pay more because more years of service are valuable. He explained the recent laws limiting the county's ability to levy. He said it is possible this year but it isn't sustainable. They discussed tax credits, rollback, and valuations. Sheldon said they have the responsibility to do the best they can for the county and give raises. Chairman Blackburn discussed bridging the gap by not filling the open position. He said they could then spread that amount to the deputies. Sgt. Wake stated they have already had people say they'll leave if they cut a position. Mount pointed out that they would pay more overtime with one deputy gone. Blackburn questioned if they could live within that and not amend and if 10% would bridge that gap. Sheldon said he believed they were earning it need to be paid for it but again stated there are levy limitations. Aistrope said that jail and dispatch are ok on the pay scale but the deputies are not. Attorney Johnson added that when the sheriff's office loses experience and has turnover affects his office and public safety. He says it is hard to lose a deputy with experience investigating and testifying. Johnson explained Back the Blue Law in depth. Sheldon asked Aistrope if he could get it out of operational services and not affect deputies, for instance, food, supplies, etc. Aistrope said there are always unexpected costs, most recently a very expensive medication for a prisoner and a rooftop HVAC unit that went bad. Johnson asked if they would act on the other elected officials' salaries. Motion by Sheldon to table sheriff portion of raise until further notice. Motion carried unanimously. The compensation board met on January 8, 2025. The compensation board recommended a 10% raise for all elected officials. Attorney Johnson explained to the board the importance of his position and employing their own county attorney. Supervisor Shearer asked if we could share with Page County. Johnson explained the previous 28E and that a 28E would be evaporated if someone from the home county was willing to run. After more discussion about each office's duties and the board needing figures with 10% factored in motion by Sheldon to table the compensation board recommendations. Motion carried unanimously. The auditor states her office could enter the numbers when they receive them from the sheriff's office to give the board a more accurate picture. The board stated they would have a special meeting, if needed, after receiving the numbers from the auditor.

Claims were approved for February 21, 2025.

At 10:57 a.m., with no further business, Shearer motioned to adjourn. The motion carried unanimously.

ATTEST:

  
Dee Owen, Auditor

  
Clint Blackburn, Chairman

The Fremont County Board of Supervisors met in special session on Friday, February 21, 2025, in the Fremont County Courthouse Boardroom, with Clint Blackburn, Dustin Sheldon, and Jeff Shearer present. A quorum was declared, and the meeting was officially called to order at 9:03 a.m. The agenda was approved as posted.

Let the record show that Treasurer Alise Snyder, Recorder Tarah Berry, and Sheriff Kevin Aistrope were present at this meeting.

The board recapped the discussion from the meeting on Wednesday. They discussed the fact that they aren't sure what their options are now that union negotiations have begun. They discussed that today's decision is regarding the elected officials' salaries, not other employees. They discussed that raises are possible this year but may not be sustainable. Sheriff Aistrope cited the Back the Blue Law and the compensation board and the board not complying for the last several years. Blackburn and Sheldon stated there is a decent carryover this year but with the limitations from the state they may not be able to give any raises next year. Blackburn stated accountability is also an issue when providing raises. Shearer pointed out that just because the carryover is good doesn't mean it should all be spent. Aistrope argued that it doesn't make sense to leave that money there and that it should be used for employee retention. Sheldon questioned if it is better to be responsible now and you can have a little this year and a little next year. Blackburn reiterated that in the event we go ahead with larger raises this year, they may get nothing next year or after. After much discussion, motion by Shearer to table until the next meeting. Motion carried unanimously.

At 10:33 a.m., with no further business, Sheldon motioned to adjourn. The motion carried unanimously.

ATTEST:

Clint Blackburn, Chairman

The Fremont County Board of Supervisors met in regular session on Wednesday, February 26, 2025, in the Fremont County Courthouse Boardroom, with Clint Blackburn, Dustin Sheldon, and Jeff Shearer present. A quorum was declared, and the meeting was officially called to order at 9:00 a.m. The agenda was approved as posted. Minutes of the previous board sessions were read and approved.

Let the record show that Treasurer Alise Snyder, Recorder Tarah Berry, Engineer Dan Davis, Assistant Engineer Robbie Kromminga, Dan Litchfield - Invenergy, Sheriff Kevin Aistrope, IT Scott Evans, Kristy Rogers Fredrikson & Byron, P.A., Jill Ingraham - MidAmerican Energy, John Huff – MidAmerican Energy, Kelsey Ballard – MidAmerican Energy, EMC Clayton Long, Tandon VanScyoc, and Sanitarian Caleb Hammons were present at this meeting.

Engineer Dan Davis met with the board for the signing of the following:

Motion by Sheldon to allow Chairman Blackburn to sign right-of-way use permit for Evergy for replacement of distribution poles south of 305th Avenue and 320th Street. Motion carried unanimously.

Motion by Shearer to allow Chairman Blackburn to sign IDOT final payment voucher for Project #BROSCHBP-CO36(78) - - GA-36 Manti Bridge replacement. Motion carried unanimously.

Motion by Sheldon to allow Chairman Blackburn to sign IDOT final payment voucher for Project #ER-CO36(81) - - 58-36 for J-34. Motion carried unanimously.

Motion by Shearer to allow Chairman Blackburn to sign IDOT payment voucher with HGM Associates for engineering services for L-31 over Waubonsie Creek Management per agreement dated February 15, 2025. Motion carried unanimously.

Dan Litchfield with Invenergy met with the board to update them on the Shenandoah Hills Wind Project. Harry Litchfield was unable to attend this meeting. Litchfield told the board that they are selling the project to MidAmerican Energy. He said this is their 14<sup>th</sup> project collaboration with MidAmerican. He said now MidAmerican assumes all obligations of the project. Kelsey Ballard with MidAmerican Energy said they are excited about the wind project and the benefits it will bring Fremont County and the surrounding areas. She said they are familiar with stipulations and agreements and that they will start in March. She said they talked through things with Engineer Dan Davis last week. She said that she knows this will cause more work for Davis's office. She stated that MidAmerican would reimburse the county if they hired a 3<sup>rd</sup> party for the administration of permits. She stated that the first step was to lay down yard in Fremont County with turbine delivery starting in June depending on the weather. They anticipate the turbine to be completed in 2025. She said there would be 12 months of work and then they would turn the project over to the operations group. Ballard said they will need zoning permits. Crane crossing and oversize load permits will be part of it and she reiterated that they would reimburse the county if they hired outside help. Supervisor Shearer asked what the first step was in the process. MidAmerican answered site construction where they will take delivery of turbines, then road work, entrances on private property, foundations, etc. Shearer asked how deep the foundation would be. Ballard state geotechnical on each site would be maybe 10-20 feet per stamped foundation plan. Shearer expressed concerns with well water safety. MidAmerican said they would make adjustments if there is an issue like that. Chairman Blackburn ask how big of a crew they would have. She stated different crews do different jobs. She thinks at the height of the project it could be 100-250 and then 5 to 10 for operations. Supervisor Shearer questioned how many days out they were from starting. Ballard stated it would be the end of this week beginning of next. Sheriff Aistrope asked who to call if there was a traffic problem and MidAmerican said they would provide a contact when they start. Ballard said they could reach out to John Huff who was also in this meeting but there will be a local contact on site. Vice Chairman Sheldon advised of the high traffic flow on Highway 2 and Ballard said the haul route was not finalized with IDOT yet. Shearer questioned the decommissioning agreement. Kristy Rogers with Fredrikson & Byron, P.A. said Fremont County has two, a decommissioning agreement and a decommissioning plan. Dan Litchfield gave copies of those to Shearer. Dan Litchfield then thanked board for their support. Supervisor Shearer stated that he wanted to make it clear that it was the previous board that supported it and not the entirety of this board or the entirety of the residents of Fremont County.

The board discussed the compensation board recommendations. The compensation board met on January 8, 2025. The compensation board recommended a 10% increase for elected officials across the board. Sheriff Aistrope wrote a letter to the compensation board to get written documentation of what they used to get that number. He said if they used his documentation then they wouldn't have recommended 10%. Sheriff Aistrope said that this may not be the end of it if he doesn't get his 10%. He doesn't know who makes that decision for the compensation board but they are not following the law. Supervisor Shearer asked for clarification of the Back the Blue law. Aistrope read from the Iowa Code saying the compensation board shall provide documents of how they reached their determination, they are to use applicable comparable officers' salaries of other entities, setting salary the board shall use comparables of the head of the Iowa State Patrol, DCI, and similar size city chiefs. He said if the Code says to do it he doesn't have the option of not enforcing it. He said that 10% is half of what it should be. Aistrope said if he gets 17% he would cap what the officers get, but not if he gets 10%. Aistrope cited prior comp board rules and what they are now. Vice Chairman Sheldon explained the 10% was to partially bridge the gap. When asked Auditor Owen discussed the budget deficit with current numbers. Sheldon said in trying to bridge the gap they can't break the bank. Shearer stated he doesn't like

disparity among the elected officials. Motion by Shearer for a raise for the sheriff at 7.5% and 3.5% for all other elected officials. Motion carried unanimously.

Motion was made by Shearer to allow Chairman Blackburn to sign ISAC/Wellmark/GBP Insurance renewal forms. Motion carried unanimously.

Motion by Sheldon to set the Proposed FY 25/26 Property Tax Levy Hearing in a separate meeting for March 26, 2025, at 8:30 a.m. Motion carried unanimously.

Claims were approved for February 28, 2025. There was one claim denied.

At 10:17 a.m., with no further business, Shearer motioned to adjourn. The motion carried unanimously.
